Honorable W.L. "Bill" Quinlan
Member, Kentucky Senate

Dear Senator Quinlan:

This letter is in reference to the Lees Lane Landfill Site located in Louisville, Kentucky. This site was placed on the National Priorities List in December, 1982. Since that time work has been conducted at the site to characterize the types and extent of contamination. As a result of this work, the Remedial Investigation/Feasibility Study (RI/FS) Reports are being presented for public review. These reports along with other information concerning the site may be found at the repositories listed in the fact sheet.

For your information, I have enclosed an Executive Summary of the Remedial Investigation/Feasibility Study of Alternatives and two fact sheets. A public meeting to discuss the findings of the RI/FS is scheduled for October 15, 1985 at the Riverside Gardens Baptist Church.

If you have any questions, please contact Beverly Houston of my staff at (404) 881-2643.

Sincerely yours,

Jack E. Ravan
